

Samples of opinions we form on departments, Crown agencies, and Crown-controlled corporations

Our mission states: “We serve the people of Saskatchewan through the Legislative Assembly by fostering excellence in public sector management and accountability”. To fulfill our mission, we examine and provide independent assurance (conclusions) and advice on the Government’s management of and accountability practices for the public resources entrusted to it.

We advise the Legislative Assembly on:

- ◆ the adequacy of the Government’s management of public resources;
- ◆ the Government’s compliance with legislative authorities; and
- ◆ the reliability of the Government’s public performance reports.

We focus on the Government as a whole, sectors or programs of the Government, and individual government agencies. We use the auditing standards recommended by The Canadian Institute of Chartered Accountants to form our opinions. The following are samples of our audit opinions.

1. The adequacy of the Government’s management of public resources.

I have audited [Crown Agency X]’s control as of [date] to express an opinion as to the effectiveness of its control related to the following objectives.

- To safeguard public resources. That is, to ensure its assets are not lost or used inappropriately; to ensure it does not inappropriately incur obligations; to establish a financial plan for the purposes of achieving its financial goals; and to monitor and react to its progress towards the objectives established in its financial plan.
- To prepare reliable financial statements.
- To conduct its activities following laws, regulations and policies related to financial reporting, safeguarding public resources, revenue raising, spending, borrowing, and investing.

Appendix 3

I used the control framework developed by The Canadian Institute of Chartered Accountants (CICA) to make my judgements about the effectiveness of [Crown Agency X]'s control. I did not audit certain aspects of control concerning the effectiveness, economy, and efficiency of certain management decision-making processes.

The CICA defines control as comprising those elements of an organization that, taken together, support people in the achievement of the organization's objectives. Control is effective to the extent that it provides reasonable assurance that the organization will achieve its objectives.

[Crown Agency X]'s management is responsible for effective control related to the objectives described above. My responsibility is to express an opinion on the effectiveness of control based on my audit.

I conducted my audit in accordance with standards for assurance engagements established by The Canadian Institute of Chartered Accountants. Those standards require that I plan and perform an audit to obtain reasonable assurance as to effectiveness of [Crown Agency X]'s control related to the objectives stated above. An audit includes obtaining an understanding of the significant risks related to these objectives, the key control elements and control activities to manage these risks and examining, on a test basis, evidence relating to control.

Control can provide only reasonable not absolute assurance of achieving objectives reliably for two reasons. First, there are inherent limitations in control including judgement in decision-making, human error, collusion to circumvent control activities and management overriding control. Second, cost/benefit decisions are made when designing control in organizations. Because control can be expected to provide only reasonable assurance not absolute assurance, the objectives referred to above may not be achieved reliably. Also, projections of any evaluation of control to future periods are subject to the risk that control may become ineffective because of changes in internal and external conditions, or the degree of compliance with control activities may deteriorate.

In my opinion, [Crown Agency X]'s control was effective, in all significant respects, related to the objectives stated above as of [date] based on the CICA criteria of control framework.

2. The Government's compliance with legislative authorities.

I have made an examination to determine whether [Crown Agency X] complied with the provisions of the following legislative and related authorities pertaining to its financial reporting, safeguarding assets, spending, revenue raising, borrowing and investing activities during the year ended [date]:

(List legislative and related authorities covered by this report. This list must include all governing authorities.)

My examination was made in accordance with Canadian generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, [Crown Agency X] has complied, in all significant respects, with the provisions of the aforementioned legislative and related authorities during the year ended [date].

3. The reliability of financial statements.

I have audited the balance sheet of [Crown Agency X] as at [date] and the statements of income, retained earnings and cash flows for the year then ended. The [Crown Agency X]'s management is responsible for preparing these financial statements for Treasury Board's approval. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the [Crown Agency X] as at [date] and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.
